At no extra cost

Colours

All shades on the colour chart are RAL standard. Other shades possible on request, by colour matching your sample.

The RAL colour chart is not associated with a particular brand. Find it in all DIY/paint shops, on sale and available for consultation on the internet (illustration below).

The depiction of the colours on the screen or on paper is not always true to life. It is better to consult a standardised colour chart.

€ 0

Finishes

Choose your finish: Matt, Satin, Gloss or Micronised (also called Sanded).

Matt is, by its nature, more fragile. The micronised finish, by virtue of its depth, is less liable to scratching; it is harder to clean (often used for street furniture).

According to the base colour, the matt and micronised finishes may very slightly lighten the shade. In particular: gloss finish on a very dark shade – Consult us.

€ 0

Options

IOP-MVP

Reduced price paint

Simple painted finish without protective coat; exists in matt, satin, gloss or micronised finishes.

Ideal for reducing the budget when the quality of the finish is not vital.

Without a protective coat, the paint is more liable to scratching and deterioration due to UV rays.

- € 30
Excl. tax / U

IOP-VAG

Anti-graffiti varnish

Accredited anti-graffiti varnish; exists in gloss finish only.

The accredited "anti-graffiti" varnish is resistant enough to allow the use of certain solvents to remove inks.

Warning: the removal of all types of ink is not guaranteed.

€ 0

IOP-PZC

Zinc patina

Hand-finished shine imitating the appearance of zinc. With matt finish.

These patina being the result of the applicator's labour, they will vary endlessly and it will never be possible to reproduce them exactly. The illustration opposite and the photos displayed on our sites and in our catalogues are just a rough guide.

+ € 30 - 60
Excl. tax / U
acc. to size of container

IOP-RUST

Rust look

Rust look finish (type CORTEN brand). Paint containing iron oxide particles. With matt finish.

Alternative without additional cost: opt for our "Marron Oxyde Urbain" finishing with micronized varnish.

These patina being the result of the applicator's labour, they will vary endlessly and it will never be possible to reproduce them exactly.

The depiction of the colours on the screen or on paper is not always true to life. It is better to consult a paper standardised colour chart.

Draining base

Perforated base : 40mm holes.
Excess water drains off underneath the container.

Allows good drainage of rainwater and after watering: the ideal solution for your exterior containers.

For exterior use only.
For interior use, combine with the Stability option (🔗 IOP-ASS).

€ 0

Water reservoir with overflow siphon

Watertight base allowing the creation of a reservoir in the drainage section.
Overflow drainage via a siphon underneath the container.

For a reservoir free from the risk of frost, choose a draining base with the Horticultural System option (🔗 IOP-SH).

In areas subject to frost, this type of base cannot be used. Freezing of the reservoir may damage the container.

€ 0

Drainage via weep hole

Watertight base with overflow drainage via a weep hole on one side of the container.

Ideal when water drainage is not possible underneath the container. Allows overflow drainage from a specific point. Possibility of reservoir on demand. Can be connected to a rainwater system.

In areas subject to frost, this base cannot be combined with a reservoir. Freezing may damage the container. Choose a draining base with option IOP-SH.

€ 0

Watertight base

Watertight base for "Indoor" container.

Control watering using the Water Level Indicator option (🔗 IOP-INE).

Recommended for interior use only.

€ 0

Perfos

Fittings for putting in automatic watering and/or lighting systems.

Simply on request, we can adapt the containers to suit your requirements: perforations, cut-outs, waterproof risers, etc.

Contact us when you place your order.

€ 0

IOP-SH

Horticultural system.

Drainage system offering a 5L/m² reservoir.
(Expanded polystyrene sheet – 40mm thick - 25kg/m³ - max. load 2t/m²).

Replaces the drainage section made of clay pellets. Cover with geotextile before adding substrate.

€ 30 Excl. tax
/ container

IOP-INE 50 / 80 / 100

Water level indicator.

For pots used indoors which have a watertight base. The float indicates the water level at the bottom of the container. It allows the monitoring of watering.

Suitable for Indoor plant containers which have a watertight base. Price varies according to the height of the container.

€ 25 – 40 Excl. tax
/ container
acc. to height of container

IOP-RL 50 / 65 / 80 / 125 / 100FC ...

Installation on casters for handling.

Concealed under the container, the casters are not visible. They allow the plant container to be moved from time to time.

May only be used on a flat, smooth and firm surface. As they are concealed underneath the container, the casters cannot be fitted with brakes.

€ 100 – 160 Excl. tax
/ container
acc. to size of container

IOP-PLOT 28-40 / 40-55 / 85-140 ...

Installation on adjustable PVC feet.

For a well-balanced installation, with a uniformly distributed load. Allows water to flow underneath the container and also allows adjustments in the alignment of linear arrangements of containers.

Suitable for > 30 – 40 cm wide containers. Suggested ranges of adjustment: 12 / 15 / or 55 mm.
Others on request.

€ 40 – 60 Excl. tax
/ container
acc. to std ranges
(Others on request)

IOP-PSX Installation on PSX panel

Installation on polystyrene weight distribution buffer. Avoids perforation if installing directly on waterproofing.

Check the admissible load per m².

€ 20 - 40 Excl. tax
acc. to size of container

IOP-MTP Handling by forklift

Removable trap door concealing an access underneath the container for handling by forklift. Ideal for moving large containers from time to time.

Handle with care!
The loaded container is subject to great stresses when being moved.

€ 125 Excl. tax/per
container

IOP-ISOL Wall insulation (PSX)

Fibre-cement already has a low thermal exchange coefficient. However, in areas with extremes of climate, wall insulation can be added.

Wall insulation only slows down the variations in temperature in the clump of soil. Provide protection for your plantation.

€ 40 - 60 Excl. tax
acc. to size of container

IOP-TES Hole and crosspiece for secure fixing

Allows the passage and fixing of a previously ground-secured, threaded rod at the base of the container.

The tightening process must be carried out with care to avoid the risk of damaging the container.

€ 30 Excl. tax/per
container

IOP-TEL Hole and crosspiece for lateral fixing

For the fixing of containers to each other or to a wall.

IOP-FR Raised base

Allows a reduction in the volume and weight of the soil when plants do not require the whole capacity.

* On a single container.
** If installed on casters, feet...requires a double base.

* € 0
** € 20 - 40 Excl. tax
acc. to container

IOP-FRA Removable raised base

Allows a reduction in the usable height. It offers a double base with the possibility of ballasting. Ideal when using artificial plants.

*** If removable.

*** € 20 - 60 Excl. tax
acc. to container

PSM

Made-to-measure pallet for the packaging of large garden containers.

When packing is not possible on standard pallets: 80x120 / 100x120 or 120x120

Pallets are unloaded next to the lorry. Delivery does not include the installation of products.

€ 15 Excl. Tax / Pallet

Delivery by courier

Kerbside delivery by lorry equipped with a tailgate for unloading pallets next to the lorry.

Delivery by courier is possible for up to three 80x120 pallets or two 120x120 pallets; over that, delivery is by freight.

Pallets are unloaded next to the lorry. Delivery does not include the installation of products.

Price on demand
(varies according to destination, weight and volume of delivery)

Delivery by freight

Kerbside delivery by tractor-trailer without unloading. Delivery date and time slot will be specified.

For deliveries of more than 2-3 pallets.  If you do not have your own means of unloading, ask for the tailgate option!

The delivery point must be accessible for a tractor-trailer. You must provide your own means of unloading (platform, loader, manuscopic, crane, etc.)

Price on demand
(varies according to destination, weight and volume of delivery)

 **Tailgate option**

For freight deliveries: lorry equipped with a tailgate for unloading pallets next to the vehicle.

If you do not have a forklift, think about asking for delivery by a lorry equipped with one.

For deliveries by courier: € 0
By freight, to mainland France: € 50 Excl. tax / lorry
By freight, outside mainland France: approx. € 150 Excl. tax / lorry

Scheduled delivery

For deliveries by courier: an SMS is sent asking you to call the carrier to fix a time.

Ideal if there is not always somebody around at the location to take delivery.

Check your messaging service! An SMS will automatically request a time; it's up to you to call the carrier. Fixing a time involves an additional delay of at least 24 hours.

€ 0

Deadline delivery

For delivery on a specified date.

Once your order is ready to be dispatched, specify your desired delivery date.

Minimum request 72 hours in advance. Delivery round on the day; fixed times are not possible.

€ 0

Delivery with service

Delivery with unloading and transfer to the desired location.

Transfer only, does not include unpacking and installation.

Non-standard delivery: feasibility study and costing on demand only.

*Any other conditions of delivery must be studied on demand and be subject to specific costing.
The carriers are not responsible for nonreturnable pallets and packaging waste.*
